

The image shows a web application interface. At the top, there is a dark gray navigation bar with the word "Dashboard" in white. Below the navigation bar, the main content area is divided into three sections: "Dashboard", "Transactions", and "Settings". The "Dashboard" section is the active one, indicated by a white underline. It features a large blue box with a white line graph showing an upward trend. The "Transactions" section contains a table with 5 columns: Date, Description, Amount, Category, and Status. The "Settings" section contains a form with various input fields and a "Save" button.

Dashboard

```
graph LR; Income[Income] --- Balance[Balance]; Income --- Expense[Expense]; Balance --- Expense;
```

The diagram illustrates a dashboard layout with three main components arranged in a grid-like structure. On the left side, there are two components stacked vertically: 'Income' (top) and 'Balance' (bottom). On the right side, there is a single component labeled 'Expense'. All three components are represented by light gray rounded rectangles with a dark gray gradient on the right side. The 'Income' and 'Balance' components are connected by a vertical line, and the 'Expense' component is connected to both 'Income' and 'Balance' by horizontal lines. The entire dashboard is titled 'Dashboard' in bold black text at the top left.
